Yes – SRC confirmed that it requested a title search about 2 weeks ago, and I will connect with them today to get an update. Thanks.

Subject: Appendix D for SRC settlement (encumbrances)

Hi Ken,

I'm working on EPA approval of the settlement, and realized that we never completed Appendix D of the SRC settlement, which should be a list of "Permitted Encumbrances on the Property." I believe you said SRC was having a title search done to confirm any encumbrances. Do you have an update on that?

Thanks,
Kris
